

Dual Fuel Range Pre-Install

We want to ensure that your delivery and installation go as smoothly as possible. So that we may give you a great installation experience for your dual fuel range, we ask that you work through the following list and share the results with your Appliance Specialist. When sharing these results, please include a photo of the space.

Range Opening:

- What is the height of the opening? _____
- What is the depth of the opening? _____
- What is the width of the opening? _____
- Is there a 4 prong outlet at the back of the opening (A.)? Yes / No
- Is there a gas connection behind your range (B.)? Yes / No

Access:

- Do you have available parking for our delivery vehicle? Yes / No
- How many steps are there to access your home? <10 / <20 / >20
- Is your exterior doorway able to accommodate the width, depth and height of your new dual fuel range? Yes / No
- Do you have any notes about the walkway for our delivery team? Yes / No
- If yes, what are they? _____
